

Group A: The Ghost with One Black Eye

Task:

Below is the skeleton of the story you will be telling in the workshop.

Before the workshop, read through the skeleton several times so you know what happens. (It will help if you read this aloud.)

Then put the text away and say the skeleton again. Do this aloud.

(It will help if you have a real person to tell this to. If not, imagine someone – and tell them.)

Don't be surprised if *your* story is different to *mine* – this is what a storyteller does.

You now know the story!

Skeleton

(Tip: before telling, show that “*ein blaues Auge*” is a **black** eye.)

Baby's favourite drink – apple juice

No apple juice on table

Baby: I want my apple juice, and I want it NOW!

Father:

I'll go to cellar for your apple juice

Went down stairs – was dark

Opened cellar door – was darker

Heard voice: I AM THE GHOST WITH ONE BLACK EYE

Ran upstairs: I don't want to go down there any more!

Baby: But I want my apple juice, and I want it NOW!

Mother – same

Baby: But I want my apple juice, and I want it NOW!

Big brother – same

Baby: But I want my apple juice, and I want it NOW!

Big sister – same

Baby: But I want my apple juice, and I want it NOW!

Baby goes down – it is dark

Opens cellar door – is darker

Hears voice: I AM THE GHOST WITH ONE BLACK EYE

Baby: Well, I'll give you TWO black eyes if you stop me getting my apple juice!

Ghost was never heard or seen again.
